RE: SB 184-Oppose

Dear Legislators: I am writing to respectfully reiterate that Connecticut should only be using Mail-in voting for very limited absentee reasons. Article VI, section 7 of the Connecticut Constitution state these reasons to be “because of absence from the city or town of which they are inhabitants or because of sickness, or physical disability or because the tenets of their religion forbid secular activity”.

The Covid-19 Pandemic is over. As Connecticut Legislators, please abide by the set constitutional **Qualification of Elector rules** for our state to ensure fair and free election results. Please vote “**No**” to SB 184.

Sincerely, Joan Nogueira
